October 28, 2009

Dear Elfuns,

Your Cincinnati Elfun Chapter is proud to announce an exciting and engaging opportunity for you to help beautify the GEEAA Park. With a strong membership and lots of renovation underway, the GEEAA Park offers terrific benefits including a clubhouse, golf course, and other facilities for meetings and social events. As part of the park's renovation plan, there are several maintenance and repair projects that our members can lend a hand with. These projects will enhance the park's beauty while drawing new members to the facilities. This is an approved GE Volunteers project.

The GEEAA Park has been seeking a consistent partnership in these activities, and the Elfuns have answered the call. In other words, we are pleased to announce that the Elfuns are adopting the GEEAA Park!! Our first project is to clean up and paint the fence line along hole#11, on Cresentville Rd. With all of the development occurring on this side of the park, this first short-term project will serve as a leading indicator of our commitment to this partnership, to the community, and to our GE employees and their families by enhancing the park's image. Other, longer-term projects will include restoring the mini-golf course and enhancing the curb appeal of the recreation center and the clubhouse.

Please consider joining the Elfun team on Nov 10<sup>th</sup> from 2:00pm to 6:00pm and/or Nov 14<sup>th</sup> from 9:00am to 1:00pm as we complete our GE Elfun's Pass a Paintbrush project. As this relationship grows between our organizations, we will also need additional Elfun members to step up and lead future volunteer events at the park. If you have a passion for the park, and are willing to help lead an effort to restore their facilities, please contact Greg Conley at (513) 243-9196, or sign up to be a project leader on the GE Volunteer portal, [www.gevolunteers.com](http://www.gevolunteers.com)

Thank you for helping the Elfun organization revitalize the GEEAA Park, and ask a friend to join us in these efforts!

Greg Conley
